Eugene Bernaldo

A word to the class of 1993

When they asked me to write for the yearbook, they asked me to write a poem. I think that poems are a little over done, so I decided that I'll just point out to you what is so special about SAUGUS HIGH SCHOOL:

In 1989, THE CLASS OF 1993 entered Saugus High School. Almost all of us were scared and really lost. Yet, as time went on, we made lots of friends and lots of memories. Some of you must remember walking through the halls for the first time and having no idea as to where you were going. And of course all the people you've dated, all your old teachers and V.P.'s, all the sports teams, etc...

We've spent four long years in Saugus High and now we're graduating! I don't know about you but I'm ecstatic!

I can't believe that it went by this fast and you know something, I think it was worth every minute we spent here. You probably might not realize it, but you've worked hard to get where you are and you should work just as hard through life to make it to the top.

The thing that most people will find hard will be to say good-bye. To know that you might not see your friends again for a long time.

So your hand might reach out to someone who is leaving, and you might cherish this book and remember it all.

GOOD-BYE SAUGUS

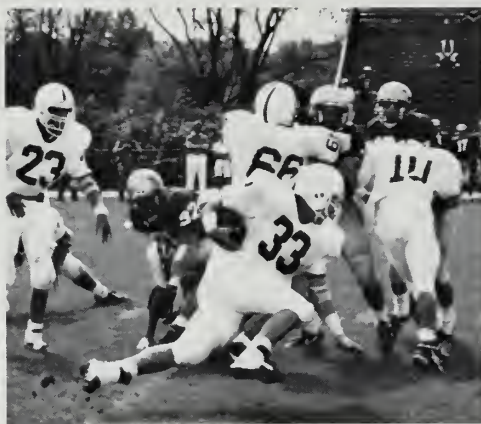

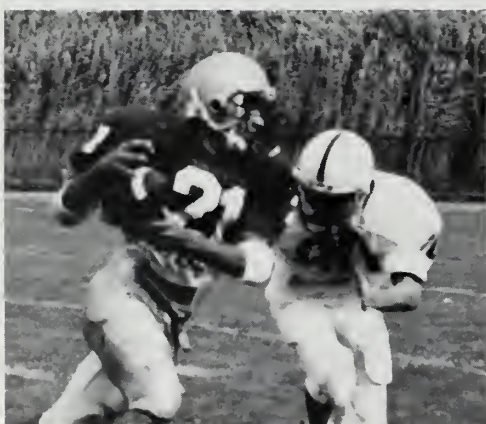

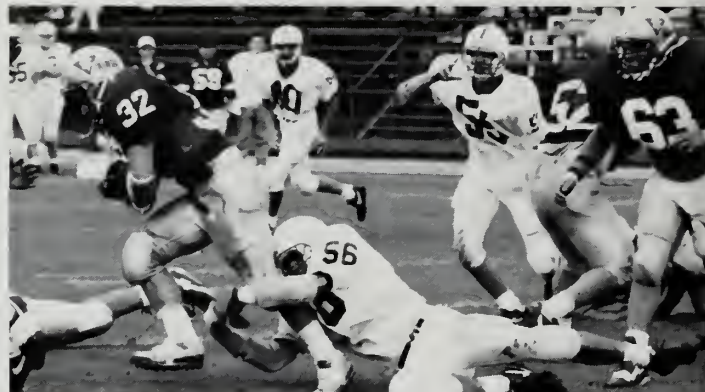

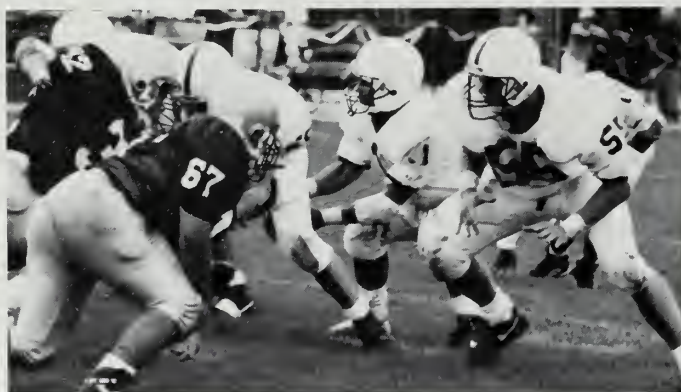

SACHEM SPORTS

If success is measured only by victories and defeats, then the 1992 Saugus High Football Team labored through an unsuccessful season. If intangibles such as lessons learned and maturity gained are measured then only the years to come can be used as a yardstick.

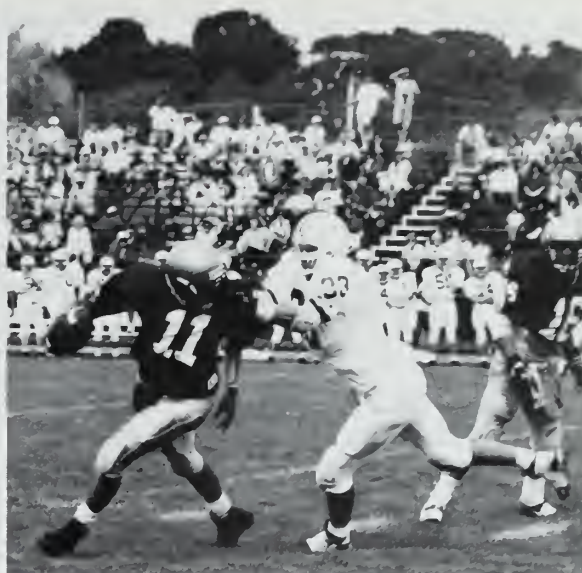

Football is a unique sport, one in which the element of contact is pivotal. Through participation in this unique game can one truly find . . . "something out about oneself".

Coch Bontempo.

The Saugus High golf team under new coach Mr Jan Bernard, rounded out their season with a 3 - 5 - 1 record. The team opened its season with a loss to Swampscott. When asked about this match coach Bernard was quoted as saying, "It was a war to the end" (the team only lost by 4 points 38 - 34). In the second match of the year the team played their first home match against Lynn Classical and won. When the team traveled to Danvers they met a really tough, unbeaten Danvers squad and lost. The next match was away against Gloucester although everybody played well the team lost. The next contest was at Salem against a once beaten rough team. The Sachems came up just a bit short on this day. The sachems finally got their shot to play on their home course against Beverly #1 in the conference and they put in a grudge until the end when a Beverly player won the match on the ninth hole and Saugus was edged out by two points [37 - 35]. The next match was at home also against English. Saugus defeated English in a hard fought match which ended in a one point difference. The next match was at Cedar Glen against Marblehead. The team beat Marblehead and knocked them out of the tournament. The Sachems then won the last two games and their last match of the year was against Winthrop. At the end of the match the scores were all tied. The team would like to thank Cedar Glen and especially George Pike for being so generous, and would like to thank Coach Bernard for helping us throughout the season.

Cross Country

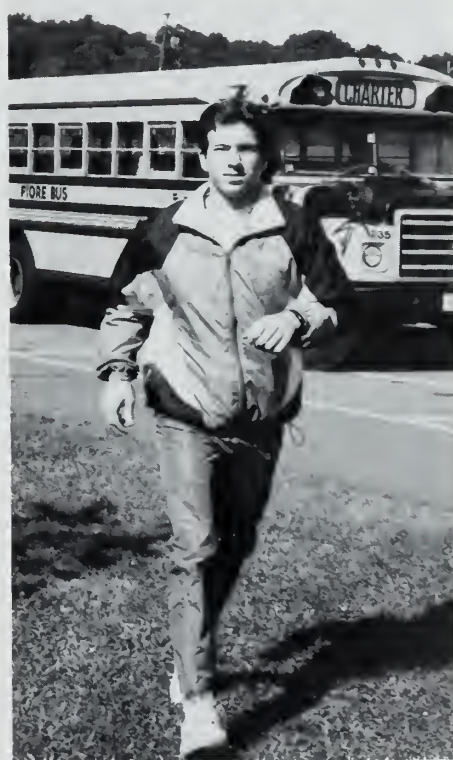

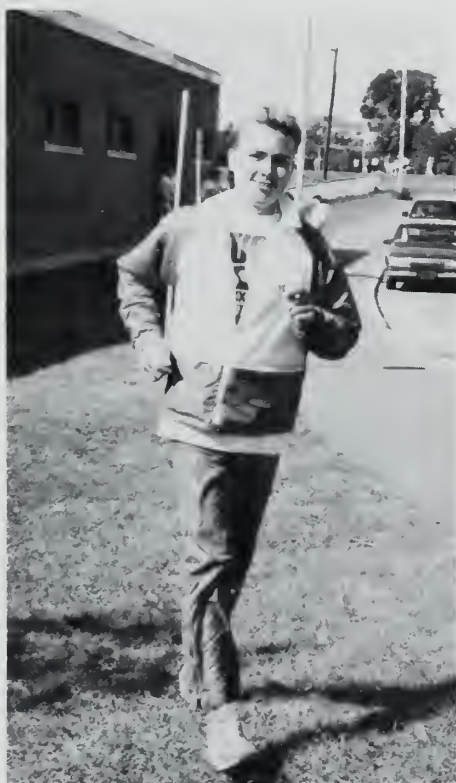

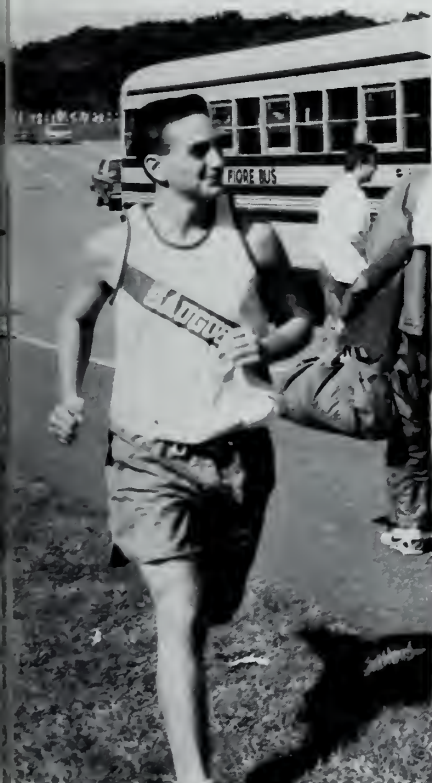

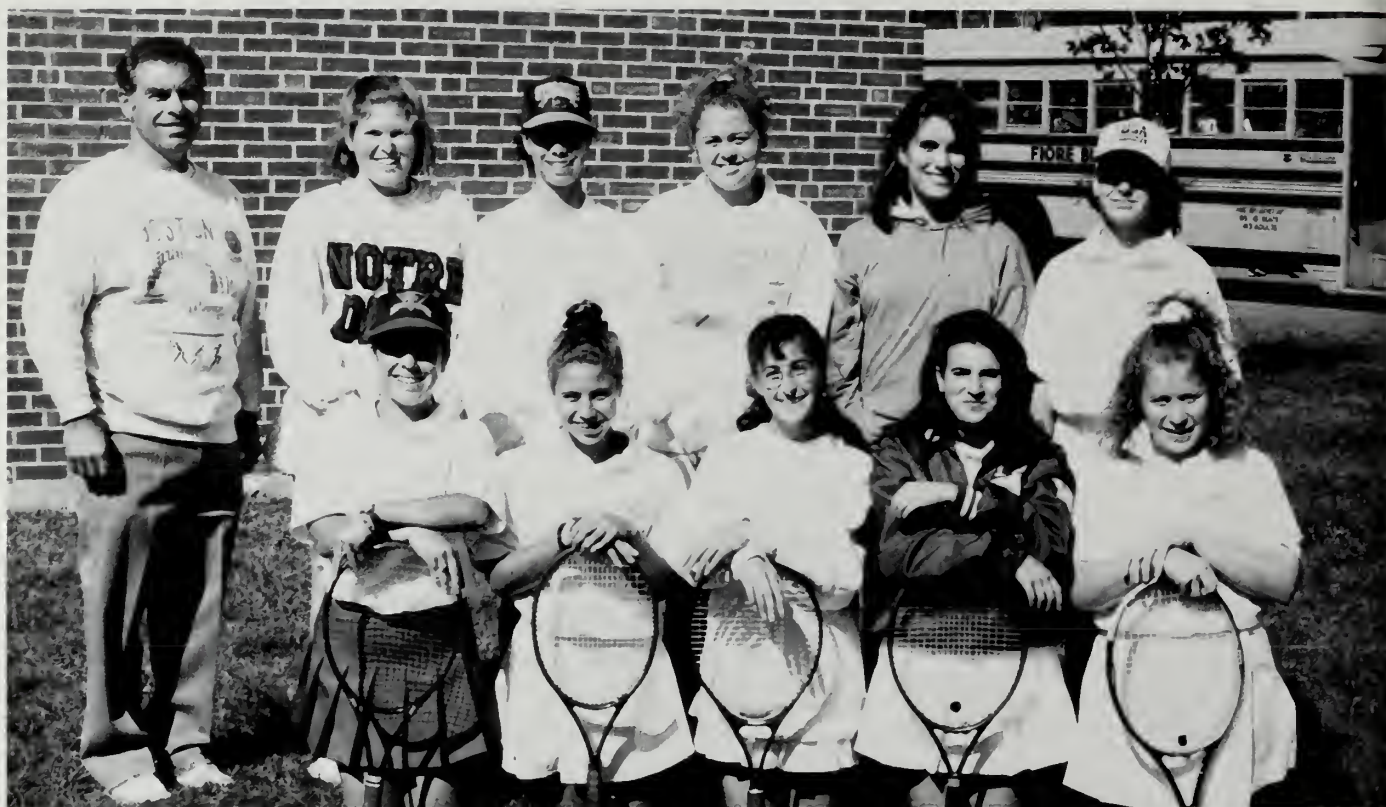

This year's Cross-Country Team finished with a record of 7 wins and 2 losses... the best record in over 10 years. The team's only losses were to undefeated Gloucester and Beverly. The Horriers finished in a tie with Beverly for second place. Senior Co-captain Armond Courure and Junior Mike Keorns both earned a spot on the North East Conference All-Star Team by virtue of their 7th and 8th place finish in the Conference Meet. Senior Co-Captain Jason Baker became only the second Cross-Country runner to earn 4 varsity letters.

Student Council

The Student Council is easily the most active organization in the school. We are dedicated to the education and growth of student leaders. The council is well over 100 members strong, and is always involved in creating student activities. Some of this year's events sponsored by the council were: A Scavenger Hunt, Halloween Costume Party, Color Day, Teacher Appreciation Day, Talent Show, and an end of year Barbecue. Our council is also involved in many leadership organizations on the local, state, and national levels. We participate in NEMASC, MASC, and NASC, respectively. Our council strives to be respected by both students and faculty, and we consistently achieve that goal. -Paul Girard

Love, Chris

Mike, I am proud that you are going to make it to the
graduation stand even though all of your marks were not A's as
grandfather expects.

I must say you are doing a terrific job after school and
weekends working at Son-Tron, Inc., but a college education is a
must. With that I can see there is no limit to what you can do.

Little Buddy, you sure showed me and the rest during these
past two years who was the best hunter by getting that deer
and that bear which was mighty close to you.

Keep up the good work and you will go a long way.
We love you.
